

WESTMINSTER NURSERY SCHOOL

Family cultural background

Completion of this page is strictly voluntary

One of Westminster Nursery School's goals is to recognize and accept children as individuals. We hope to develop a framework which allows us to be sensitive to cultural considerations while providing for individual needs of our children. We hope to help children develop a better understanding of their own background, as well as other groups that compose our society.

To accomplish these objectives we need your help, as well as your involvement. Hopefully you will be willing to share information about your family heritage and perhaps share some of your traditions and customs throughout the year.

1. Your child's cultural/ethnic heritage: _____

2. Does your family have any special customs or traditions? Please describe:

3. Other information regarding your child's family or cultural background which may be helpful:

4. Would you be willing to come to your child's class and share a custom or tradition? Please specify:
